## DEMANDS FOR SILVER.

Dollars of 1896 Are Much Sought After.

WANTED TO REFUTE CHARGES.

They Are Wanted by Some to Find Out if They Are Being Coined, by Others to Show the Same Thing, but From the Other Side of the Financial Question.

WASHINGTON, Sept. 10.—The treasury officials are in daily receipt of a large number of requests asking for silver dollars of this year's coinage in exchange for silver certificates or any other lawful money. Many of these requests come from persons who seem to doubt the truth of the monthly coinage statement while others ask for shipments of 1896 dollars with a view to refuting statements that no silver dollars are now being coined. These requests have been complied with as fast as received, but the treasury officials desire to call public attention to the fact that when silver dollars are ordered in sums of one multiple of \$500 they are shipped at the expense of the government, but when smaller sums are ordered the shipments are made at the expense of the person ordering.

There is now in the treasury \$101,500,000 in free silver, that is, silver which may be obtained in exchange for any lawful money, but the demand now is so keen for 1896 dollars that it seems probable that by the beginning of October the department will be compelled to decline to pay out silver dollars except in exchange for silver certificates or treasury notes of 1890.

The law requires certain amounts of silver to be held in the treasury to cover outstanding silver certificates and treasury notes, and when the minimum is reached silver payments would be refused even in exchange for gold or in payments of warrants on the treasury.

The number of standard silver dollars coined during last August is shown by official statement to have been \$2,560,000, since Feb. 1 last \$11,212,417 and since Nov. 1895, \$15,169,481. The coinage value of the stock of bullion now on hand and all mints are now at work is \$166,745,300 and it is said to be altogether probable that coinage will be continued at least until the stock on hand of standard dollars of 1896 has been increased to about \$30,000,000 where it stood when the present administration came into office.

**THE TEXAS REPUBLICANS.**  
Grant and Coney Make Up, but the Convention Still Mixed.

FORT WORTH, Tex., Sept. 10.—The Republican state convention was called to order at 9 o'clock this morning and immediately got into a wrangle over the proposition to adopt the report of the committee on credentials. The committee, after being out nearly 12 hours, simply ratified the action of the state executive committee in making up the temporary roll. There was a unanimous agreement among the members of the credentials committee, but the convention refused to accept the report. Chairman Ferguson ruled that all delegates in the contest and who had been placed upon the temporary roll are entitled to vote upon the adoption or rejection of the report. This created an uproar among the colored delegates, and for fully an hour there was general confusion.

In an attempt to pacify the warlike Chairman Grant, announces that there was absolutely no other contest to be voted upon so far as the various factions were concerned and that it was ill advised to get up a row over the seating of the delegates.

Mr. Grant is supposed to have meant by this that the fight between himself and E. H. R. Green for state chairman of the executive committee had been declared off, and it is now thought there will be no opposition to the railroad president, although there was a scheme on foot last night to defeat him.

When the convention disposes of the credentials committee it is expected H. R. Kane of Palestine will be recommended for permanent chairman.

It is likely that the deal with the Populist will be left to a committee with plenary power.

Grant and Coney have buried the hatchet. The man from Sherman sent for the negro this morning. The two met in the Worth hotel, shook hands and declared all differences at an end. In the convention hall the two men hobbled together.

The attendance in the hall today was very much smaller than heretofore, and it is said a great number of the colored delegates are broke and some of them are shy on meals. A large number of those are being fed at Green's headquarters.

**LAMONT FOR PALMER.**

Declares His Loyalty to the National Democratic Party.

WASHINGTON, Sept. 10.—Secretary of War Lamont yesterday sent the following telegram to W. D. Rynum, chairman of the executive committee of gold Democrats, in response to an invitation to be present at the notification of Palmer and Buckner at Louisville Sept. 11: "I regret that I am unable to accept the invitation of your committee to be present at the notification of Senator

John M. Palmer and Governor Simon B. Buckner of their nomination by the national Democratic party for president and vice president of the United States.

"The outcome of the Indianapolis convention in candidates and platform is inspiring to every Democrat who refuses to abandon the principles of our fathers, steadfastly maintained with pride and honor, who declines to adopt the new and strange creed proclaimed in a moment of delirium at Chicago and promptly recognized and ratified as its own by the Populist party at St. Louis. I prefer to keep the old faith and remain a Democrat, and shall accordingly cast my vote for Palmer and Buckner."

**THE AMERICAN RAILWAY UNION.**

Debs Issues an Address to Members to Vote For Bryan.

TERRE HAUTE, Ind., Sept. 10.—The American Railway union, whose president is Eugene V. Debs, has in concurrence with the board of directors, issued an address to the railway employees. It opens with criticism of the activity of managers in organized gold standard clubs and "temporarily changing depots and shops into wigwags where only one side of the money question is permitted to be heard. It is not free silver that has uncoined and enraged this railroad monster. Then what is it? Here is the answer. The attack in the Democratic platform on the government by injunction."

After praising Judge Henry Caldwell, it closes with a pledge of support to William J. Bryan for president.

**Fighting Up the Combine.**

DENVER, Sept. 10.—A joint conference committee of Democratic, People's, Republican and Silver parties is meeting in this city today for the purpose of arranging a fusion on state officers. The session is secret. The indications are that a joint ticket will be put out by the Democrats, Populists and Silverites, and that the Republicans will have an independent ticket.

The Republican convention reconvened today and nominated Jud F. Brush, the present lieutenant governor, for governor by acclamation, and Simon Guggenheim for lieutenant governor. The Populist and Silver conventions are awaiting a report from their conference committees.

The Democratic electoral ticket has been endorsed by the Republicans, Populist and Silver conventions, insuring a solid front for Bryan and Sewall, whatever the outcome of the attempt to secure a Silver state ticket.

**The Lily White Ticket.**

FORT WORTH, Tex., Sept. 10.—The Lily White faction of the Republican party of Texas held their state convention here yesterday. After adopting a platform the following state ticket was nominated:

Treasurer—W. N. Norton. Land commissioner—James M. Steere. Railroad commissioner—C. H. Donohoe, Ed Davis, L. R. Brackenbrow.

**Two Prohibition Tickets.**

BOSTON, Sept. 10.—Two Prohibition state conventions were held in this city yesterday—the regular and the seceders. Both nominated full state officers.

**More Gold Coming.**

NEW YORK, Sept. 10.—The steamship Columbia on leaving London today had on board \$100,000 in gold consigned to Heidebach, Yekelheimer & Co. The steamship Trave, from Southampton, brought \$1,322,000 in gold, making a total of \$1,422,000.

**Ex-Congressman Miles Ill.**

FALLS VILLAGE, Conn., Sept. 10.—Ex-Congressman Frederick Miles lies very ill at his residence at Twin Lakes, Lakeville. His death is expected at any time.

## THE OUTPUT OF FLOUR.

Number of Barrels Produced at the Four Great Centers.

MINNEAPOLIS, Sept. 10.—The Northwestern Miller gives the following summary of the week's milling news. The flour output at four centers, with comparisons, was:

Minneapolis, \$66,055; Superior-Duluth, 40,373; Milwaukee, 34,475; St. Louis, 33,800; total, 419,440 barrels.

Minneapolis—The flour market last week was rather quiet. Business done abroad was light, high ocean rates being the most serious obstacles.

Superior-Duluth—No export sales to speak of were made last week and domestic business was light.

Milwaukee—Trade in flour was good last week, but practically all confined to domestic buying.

St. Louis and Southwest—While less flour was worked for export last week a good deal of business was done abroad at close, but fairly satisfactory prices.

Valley of the Ohio—Business quiet. Tennessee—Orders were scarce.

Dakotas and northern Minnesota—A moderate trade was carried on.

Rochester—Sales were fair.

Buffalo—A steady, though not heavy demand for flour prevailed.

Foreign—London, Liverpool and Glasgow cables show steadiness with advance in the last two named.

New York City—A fair movement prevailed.

**PROTEST OF NO AVAIL.**

Turkish Government Paying Little Attention to Demands Made.

CONSTANTINOPLE, Sept. 9.—[Delay in transmission.]—Protest of British and Italian embassies at the deportation of Armenians has but little effect. The Turkish government sent a circular to its minister abroad saying in view of insuring and maintaining order here it has been decided to send to their native countries all unemployed strangers; and the provincial officials have been instructed to watch all such persons and prevent their return to Constantinople. Commissions have been sent to ports of landing in order to establish the identity of all the deported persons and constant watch thereafter will be kept upon their movements. Measures also will be taken to keep out of the Turkish empire emissaries of Armenian revolutionary committees who are working in Bulgaria and elsewhere.

**Muslims Are Complaining.**

NEW YORK, Sept. 10.—A dispatch to The Herald from Cannes says the British warship Collingwood has left here for Syria. She will return tomorrow to Suez, where other warships will seek shelter within a few days.

The Muslims are now complaining bitterly that their lives are being burned, but there are no means of verifying the exactness of these statements. The insurgents, although peaceful, will not disperse until the promulgation of the ferman.

**Sultan's Notice of Warning.**

NEW YORK, Sept. 10.—A dispatch to The Herald from Constantinople says the grand vizier telegraphed today throughout the provinces of the empire the sultan's notice warning them of the serious responsibility and punishment they would incur who break the peace. In order to insure the efficacy of this warning the proclamations are printed in the local languages and have been distributed to the villages.

**Another New Orleans Bank Closes.**

NEW ORLEANS, Sept. 10.—The Mutual National bank closed its doors this morning. Henry Masher is president and James T. Tarleton cashier. The capital stock of the bank is only \$200,000 and its line of deposits are very small. It has been regarded as weak for a long time. The bank is said to have sufficient securities to liquidate its entire indebtedness. Yesterday a rumor was in circulation that the bank was about to go into liquidation, though the directors had not then taken any action on the subject. The have now concluded to wind up the business. It is stated that leading banks of this city hold in cash sheets an amount which is twice as large as that usual at this season of the year, and are perfectly sound financially.

**Closing Day of the Centennial.**

CLEVELAND, Sept. 10.—Pleasant weather greeted Perry's victory day and the closing of the city's centennial celebration. Nearly all business houses and manufacturing concerns closed. The parade was the most interesting and attractive ever witnessed in this city. It was in three sections, military, civic and industrial. Battle Lake Erie, which immortalized the name of Oliver Hazard Perry, will be produced on the lakefront this evening in a sham battle and pyrotechnical display, which will be a grand finale of the centennial celebration.

**Nothing to Say.**

BUREAU'S RAY, Mass., Sept. 10.—President Cleveland will neither affirm nor deny the report that he contemplates the removal from office of Auditor Baldwin and Deputy Commissioner Bell.

**Grand Vizier Poisoned.**

TUNIS, Morocco, Sept. 10.—It is rumored here that the grand vizier of Morocco, Amhad Ben Menn, has been poisoned.
